PROFILE SUMMARY

Five years of professional experience in Full Stack Software Engineering, with a focus on designing, developing, and optimizing web and mobile applications. Experienced in developing and managing the software lifecycle, initiating projects, and utilizing technologies like Next.js and Node.js. Seeking dynamic roles to leverage technical skills and leadership experience. Holds a bachelor's degree in computer science from Lancang Kuning University.

Area of Expertise:

Software Development

- Fullstack Development
- Software Lifecycle Management
- CI/CD & DevOps
- Google Cloud Platform, Vercel, AWS, Docker

Project & Team Leadership

- Project Management (Agile/Scrum)
- Team Supervision & Mentorship
- Client & Stakeholder Communication

Fullstack Technologies

- Node.js, React.js, Next.js, JavaScript, TypeScript, React, ReactDOM, Tailwind CSS
- PHP, Laravel, MySQL, PostgreSQL, Supabase, Prisma ORM

WORK EXPERIENCE

SnowHeap, LLC

Fullstack Software Engineer for AI Application

Sharjah, United Arab Emirates

Dec 2023 – Now

- **Software Lifecycle Management:** Researched, designed, and managed software programs, ensuring seamless lifecycle progression.
- **Code Enhancement and Testing:** Developed and modified software to enhance performance, implemented test-driven development (TDD) practices, and evaluated new programs for optimal functionality.
- **Collaborative Development and Support:** Worked closely with engineering staff, followed internal development processes, and communicated effectively within the team and with clients. Provided technical support to clients and ensured swift resolution of reported issues.

Tools: Git, JIRA, Node.js, React.js, Next.JS, Postman, SCSS, Tailwind, Next.js, TypeScript, Storybook, Ionic, React Native, PostgreSQL, Vercel, Presentation and Public Speaking.

IFG Life Insurance

Frontend Developer

Central Jakarta, Indonesia

Oct 2023 – Dec 2023

- **Frontend Development:** Developed an insurance app for PWA and mobile platforms using React.js, Next.js, and React Native.
- **Code Practices:** Emphasized clean, scalable, and maintainable frontend code.
- **Cross-Platform Optimization:** Used React Native for a seamless cross-platform mobile app experience.

Tools: BitBucket, JIRA, Jenkins, Node.js, React.js, Next.JS, React Native, Postman, SCSS, Tailwind, Next.js, TypeScript, Presentation and Public Speaking.

CPR Vision Pte Ltd

Fullstack & Junior Team Lead Developer

Kallang, Singapore

Jan 2021 – Aug 2023

- **Project Leadership:** Led performance optimization and managed cross-functional projects using Scrum/Agile methodologies, ensuring timely delivery and quality outcomes.
- **Team Management:** Supervised development teams, oversaw CI/CD pipelines, and translated complex technical concepts for clear communication.
- **Development & Innovation:** Designed and developed web and mobile applications, enhancing functionality and performance across both front-end and backend systems.

Tools: Agile & Scrum, Jira, Node.js, React.js, Next.JS, Postman, SCSS, Tailwind, PHP, Laravel, CodeIgniter, Docker, VM, Linux, LAMP, MySQL

STAFF AND MANPOWER DEVELOPMENT

- Boarding new staff to Docker, Google Cloud Engine, and AWS Elastic Beanstalk for project setup and application deployment.
- Focused on elevating the technical knowledge and skills of employees through targeted initiatives.
- Provided critical support by filling in for absent colleagues, ensuring project continuity.
- Played a key role in resolving high-priority P1 issues during manpower shortages, emphasizing adaptability and problem-solving to maintain operational stability and deliver results when most needed.

EDUCATION

Lancang Kuning University

Pekanbaru, Riau

Bachelor of Computer Science

- **GPA:** 3.81 / 4.0.
- **Honors:** Summa Cum Laude
- **Relevant Coursework:** Class President, Research and Journals, English Debater, Scholarship Awardee

INTERNSHIP EXPERIENCE

Kementerian Dalam Negeri

Pekanbaru, Indonesia

Web Developer and Digitalization Planning, E-Govern

Jan 2019 – Jan 2020

- Designed and maintained a Public Permitting System's infrastructure, ensuring efficient operation.
- Collaborated with Account and Project Managers to meet project deadlines and create technical documentation for effective communication.
- Published project information, results, and opened the system to the public as an open-source platform for further development and use.

Tools: XAMPP, JavaScript, LAMP, CodeIgniter, HTML, CSS, Bootstrap

Chevron Pacific Indonesia

Rumbai, Indonesia

Data Center Officer, Internship

Jan 2014 – May 2014

- Managed bi-weekly data backups, ensuring the security and continuity of operations by transferring data from IBM Servers to local industrial storage.
- Utilized Office 365 Suite for meticulous documentation and reporting of backup processes, enhancing transparency and efficiency.
- Assisted in crafting slide presentations for executives, gaining insights into high-level communication and presentation skills.
- Participated in server maintenance, working with tools like Azure Active Directory and managing Windows Servers from 2003 to 2012, contributing to the reliability and security of Chevron's IT infrastructure.

Tools: Office 365, GIL 3.5, Azure AD

ORGANIZATION ACTIVITIES

Lancang Kuning University

Pekanbaru, Indonesia

Education Affairs, Student Association

Dec 2018 – May 2018

- **Event Management:** Organized educational events, including seminars, webinars, and workshops, handling tasks such as topic selection, speaker coordination, scheduling, and logistics to enrich student learning experiences.
- **Financial Management:** Managed budgets, secured funding, and coordinated event logistics, including venue selection, catering, and marketing, ensuring successful events while maintaining financial stability.
- **Team Support & Coordination:** Assisted various teams in event execution by providing support, coordinating resources, and facilitating communication to ensure smooth operations.
- **Documentation & Improvement:** Systematically documented event planning, execution, and feedback to improve future events and processes.

LICENSES AND CERTIFICATION

- Academind: React - The Complete Guide
- CCNA Routing and Switching: Introduction to Network (Licensed and Certified)
- Cisco Networking Academy: IT Essentials: PC Hardware and Software (Licensed and Certified)
- Cisco Networking Academy: NDG Linux Essential
- Cisco Networking Academy: NDG Linux Unhatched
- LSP Informatika Junior Web Developer (Licensed and Certified)
- Duke University: Short Course of Programming Foundations

SKILLS, ACTIVITIES & INTERESTS

Languages: Fluent in English, Indonesian, Malay; Conversational Proficiency in German

Skills: Problem Solving, Analytical Thinking, Computational Thinking, Programming.

Interests: Piano, Classical Music, Violin, Traveling, City Photography.
